Dear Providers,

It seems to have warmed up (At least in Central Texas) after that terrible cold snap. Everyone stay safe and enjoy the upcoming Super Bowl with your friends and family! Here are your notes for February:

### **1) Annual Training is easier than ever.**

Check Annual Training off your to-do list with our super easy [Online Training Module](#). No complicated 3rd party websites to deal with. No need to login or remember passwords either. Just click the link and you're done in 15 minutes. You don't even need to send in your certificate. We automatically get it when you complete the test.

### **2) Closed for the day? Please Let your Monitor know!**

If your daycare home is closed for the day please email or text your monitor at least a day ahead of time so that they don't perform an unnecessary visit. If the closure is an emergency please contact them as soon as you are able. Some visits require significant mileage and avoiding the wear and tear and gas for the monitor is really helpful. Monitors can then focus on seeing other homes instead.

Team Nutrition supports the USDA Child and Adult Care Food Program (CACFP) by providing training for child care providers, nutrition education for children and families, and resources to support a healthier environment. Find hundreds of Team Nutrition recipes for delicious and healthy meals that meet the CACFP meal pattern requirements at: [www.fns.usda.gov/tn/team-nutrition-recipes](http://www.fns.usda.gov/tn/team-nutrition-recipes). #### **4) How do I access my 2023 Tax Reports?**

In KidKare you can download it by Clicking Reports, then Claim Statements and then Tax Report, Select Year then hit Run. If you need a physical copy emailed or mailed to you call the Austin office at 1-800-369-9082 or email [info@swhuman.org](mailto:info@swhuman.org)

#### **2024 cacfp.org Calendars are Available!**

This years theme is "Exploring our National Parks". Each month highlights CACFP meal patterns, best practices, snack suggestions as well as healthy recipes, nutrition tips, and table and physical activities. In addition to this valuable nutrition education resource, each month's calendar page has oversized squares for recording important events.
